# CONTENT

# Towel

Provide a clean and hygienic hand drying experience.

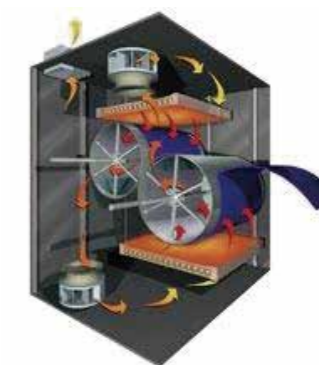

## TAD Towel Products (Through Air Drying)

TAD technology removes water during production by pulling high temperature air through the sheet. By using air, paper manufacturers are able to maintain the fiber thickness and provide up to twice the bulk and absorption capacity for the same basis weight. TAD only uses virgin fibers providing a premium, softer product. With an emboss formed during the process, TAD provides users with a product ideal for cleaning spills, wiping down surfaces and hand drying.

Compared with traditional regular paper hand towel, TAD is bulky, softer and stronger absorbency, and the GSM is lower than regular paper. It feels like cloth not paper, without any spices. Strong and absorbent for efficient hand-drying after washing hands. Only need to pull out one piece every time and don't need to wait. Widely used in some High-end public places such as Golf Course, Five star hotel, Casino, Private club, Airport and so on. No any paper bits left on skin after using. Degradable, Insoluble in water, don't throw it to sewer.

Through-Air Drum Drier  
Features Diagonally  
Offset Drums to  
increase Drying Area.

Kitchen Roll Towel-Retail

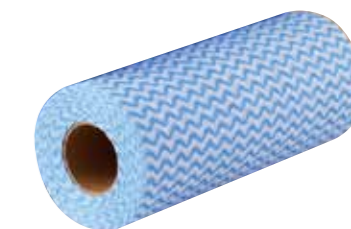

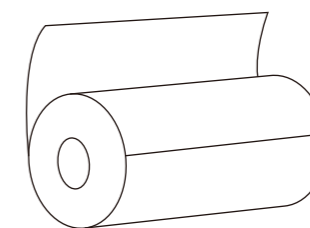

# Foodservice Wiper

This series of wipers avoids cross contamination, absorbs water and is reusable.

## Roll Wiper

This is the new alternative to wipers, light-duty cleaning and wiping applications. ideal for front and back-of-the-house applications. that is super absorbent and reusable for less! These cloths have a soft surface and can absorb 4 times their weight in liquid, making them great for soaking up spills and cleaning up messes. It can be used with detergents to clean, sanitize and reuse. Color towel options aid in prevention of cross-contamination by keeping cleaning functions separate and distinct.

# Paper Food Wrap

Grease proof paper with a fun design. Great for serving fish and chips, calamari, goujons... Perfect for hotels, delis, canteens, restaurants and so on.

Products Type

**Deli Wrap Baking paper**

Products Weight

24-80gsm

Products Material

**Wax Paper**

Benefits

Provide a light moisture barrier and breathability.

Perfect for

Wrapping sandwiches, baguettes, baked goods, and lining a tray food, etc.

Products Material

**Silicone Paper**

Benefits

Anti-sticky, moisture-resistant, grease-resistant, steamable, bakeable, high temperature resistant, reusable.

Perfect for

Pan liner, grilled fish, barbecue, milk tea leak-proof, etc.

Products Material

**Grease Proof Paper**

Benefits

Good resistance to oil and grease penetration, high temperature resistance.

Perfect for

Wrapping hot, oily foods such as sandwiches, hamburgers, hot dogs and sausages, etc.

Products Material

**Foil Laminating Paper**

Benefits

Offer excellent grease resistance and retains heat.

Perfect for

Burgers, Kebabs, Steak, Sandwiches, Hot greasy foods.

Products Type

Freezer Paper

Products Weight

65gsm

Products Material

PE Laminating Paper

Benefits

Moisture- and grease-resistant, humidity-retentive, high breakage resistance.

Perfect for

Wrapping and storing fresh fish, poultry, cheese, noodles and pre-packaged deli products like wraps and sandwiches.

Products Type

Butcher paper

Products Weight

45gsm

Products Material

Paper Fiber

Benefits

100% recyclable, a cost effective product.

Perfect for

Wrapping packages or for covering surfaces.
